Precautions After InMode

Precautions

1. Temporary redness, warmth, or mild discomfort may occur for about one week after the procedure.
2. After the procedure, light cleansing and makeup are allowed, but it is recommended to avoid exfoliation or anything that may irritate the skin.
3. To maintain the warmth and enhance the effectiveness of the treatment, it is recommended to wash your face with lukewarm water.
4. Apply moisturizer to keep your skin hydrated, and make sure to use sunscreen when going outside.
5. Please avoid sauna, hot bath and intense exercises that generate heat for one week.

If you have any questions, please contact our clinic at (02.512.1287) to schedule an appointment for further assistance.
