Precautions After Juvelook Procedure

Precautions

1. Temporary redness and swelling may occur after the procedure, but they will naturally improve over time.
2. Please remove the tape applied on the day of the procedure after keeping it on for 3 days.
3. On the day of the procedure, washing your face and applying makeup are possible except on the taped area.
4. For 3 weeks after the procedure, please avoid excessive pressure on the treated area. (Avoid pressing firmly or receiving massages.)
5. Avoid excessive exercise, saunas, steam baths, alcohol consumption, and smoking for 1 week after the procedure.
6. If the treated area becomes swollen or a lump is felt, please visit the clinic to consult with the director.

If you have any questions, please contact our clinic at (02.512.1287) to schedule an appointment for further assistance.
